

CHARITY GOLF DAY
THE HERITAGE GOLF & COUNTRY CLUB
FRIDAY 28 MARCH 2025

Manningham City

SUPPORTING PROSTATE CANCER RESEARCH

SPONSORSHIP PROPOSAL

Help us hit prostate cancer off the green
and beat the most common cancer in Australian men.

 www.golfday.com.au

Join us for an exclusive day on the private Heritage Golf & Country Club Course, with all proceeds going to support Prostate Cancer Research, Awareness and Support.

The Rotary Club of Manningham City will again be holding its Charity Golf Day with all proceeds raised used to support Prostate Cancer Research, Awareness, and Support Programs. The venue will be the prestigious **Heritage Golf & Country Club** on Friday 28 March 2025, with a shotgun start at 8:30 am.

We have enclosed for your information a copy of our promotional sponsor packages that outline the event, sponsorship package options and inclusions.

THE FORMAT OF THE DAY INVOLVES:

-  Player registration, refreshments, and light breakfast from 7:30am
-  Ambrose competition starting at 8:30am with all players in carts
-  Two Course lunch and presentations in the club house from 1:00pm

Your commitment to supporting health programs in our community is truly appreciated. With assistance from sponsors such as yourself, we will continue to see improvements in the support and treatment for men with prostate cancer and their families.

We hope that you will consider supporting this worthwhile event that is open to any organisation or individual who wishes to enjoy the benefits of playing golf at the prestigious Heritage Golf & Country Club.

For more information, please check the website www.golfday.com.au or should you wish to discuss any aspect of the event, please contact me on 0409 137 477.

Yours sincerely,
Soula (Ganiatsas) Drummond

WHY PROSTATE CANCER?

- Prostate cancer is the most diagnosed cancer in Australian men.
- Approximately 25,500 new cases are diagnosed with prostate cancer each year.
- 1 in 12 men will be diagnosed with prostate cancer
- 95% of Australian men diagnosed with prostate cancer survive for at least 5 years.
- Almost 3,700 Australian men die of prostate cancer each year.

Why are we asking you to be involved?

- Every day 55 Australian men will be told they have prostate cancer.
- 1 in 5 men have a risk of developing prostate cancer in their life time.
- Prostate cancer is the most diagnosed cancer in Australia.
- 9 families lose a loved one to prostate cancer every day.
- 70% of research applications are unfunded.

WHAT THIS FUNDRAISING EVENT CAN ACHIEVE

- ▶ **\$12,500** — could provide funding for a researcher working for one month on a project to reduce side – effects post treatment.
- ▶ **\$30,000** — could provide funding for a senior scientist for three months working on a project to improve treatments for prostate cancer that has spread to the bones.
- ▶ **\$50,000** — could fund a project to improve early–diagnosis for men with a family history of prostate cancer.

Proceeds from this event will be donated to the Prostate Cancer Research Group at the Biomedicine Discovery Institute, Monash University, to fund world leading, innovative research and to support men and their families affected by prostate cancer.

Their innovative research program has a strong translational approach, involving lab-based studies with tissues donated by patients with prostate cancer. Their collaborative studies with clinicians and patient advocates address questions that are relevant to patient care. The findings have the potential to improve the management and outcomes of men with different stages of prostate cancer. Recent studies have informed international guidelines for diagnosis of prostate cancer and led to new clinical trials.
